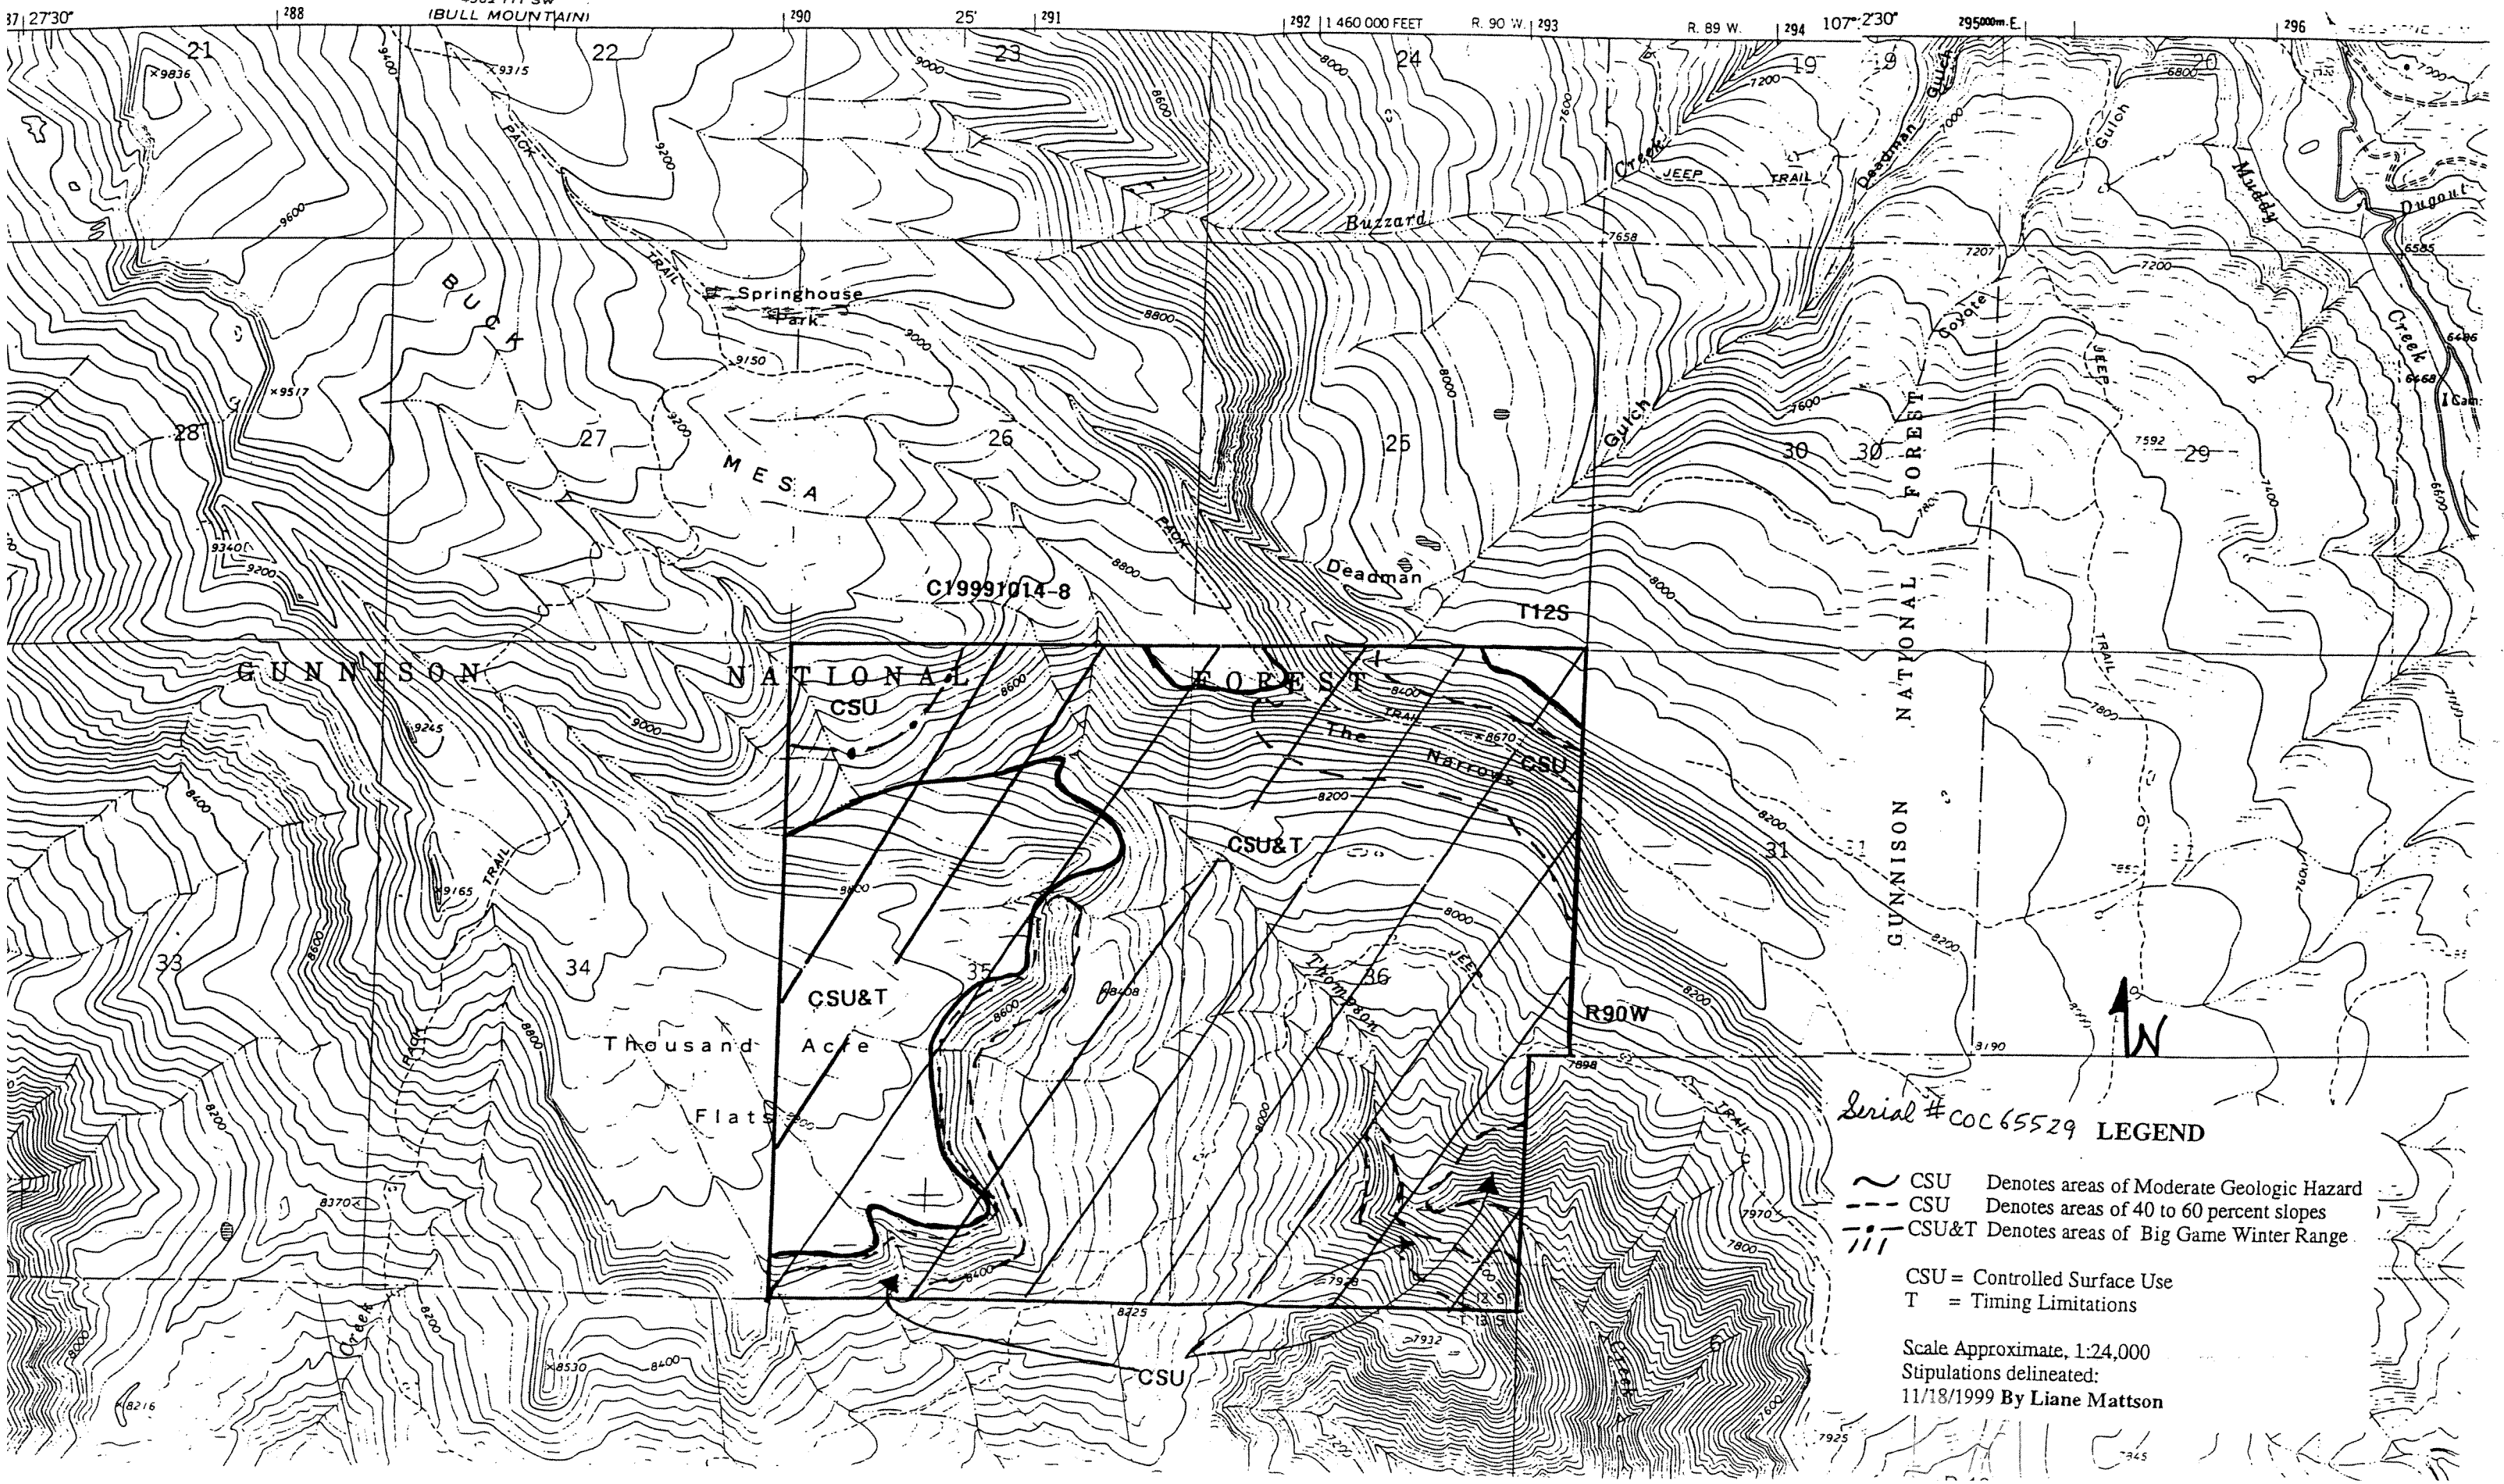
SOMERSET QUADRANGLE
COLORADO-GUNNISON CO.
7.5 MINUTE SERIES (TOPOGRAPHIC)

UNITED STATES
DEPARTMENT OF THE INTERIOR
GEOLOGICAL SURVEY



Serial # COC 65529

LEGEND

CSU — Denotes areas of Moderate Geologic Hazard
CSU — Denotes areas of 40 to 60 percent slopes
CSU&T — Denotes areas of Big Game Winter Range

CSU = Controlled Surface Use
T = Timing Limitations

Scale Approximate, 1:24,000
Stipulations delineated:
11/18/1999 **By Liane Mattson**

Serial # COC65534 **LEGEND**

CSU	Denotes area of Moderate Geologic Hazard (whole lease)
- - - CSU	Denotes areas of 40-60 percent slopes
—— NSO	Denotes areas of Slopes >60 percent
-•- NSO	Denotes areas of high geologic hazard

CSU = Controlled Surface Use
NSO = No Surface Occupancy

Scale Approximate, 1:24,000
Stipulations delineated:
12/11/1999 **By Liane Mattson**

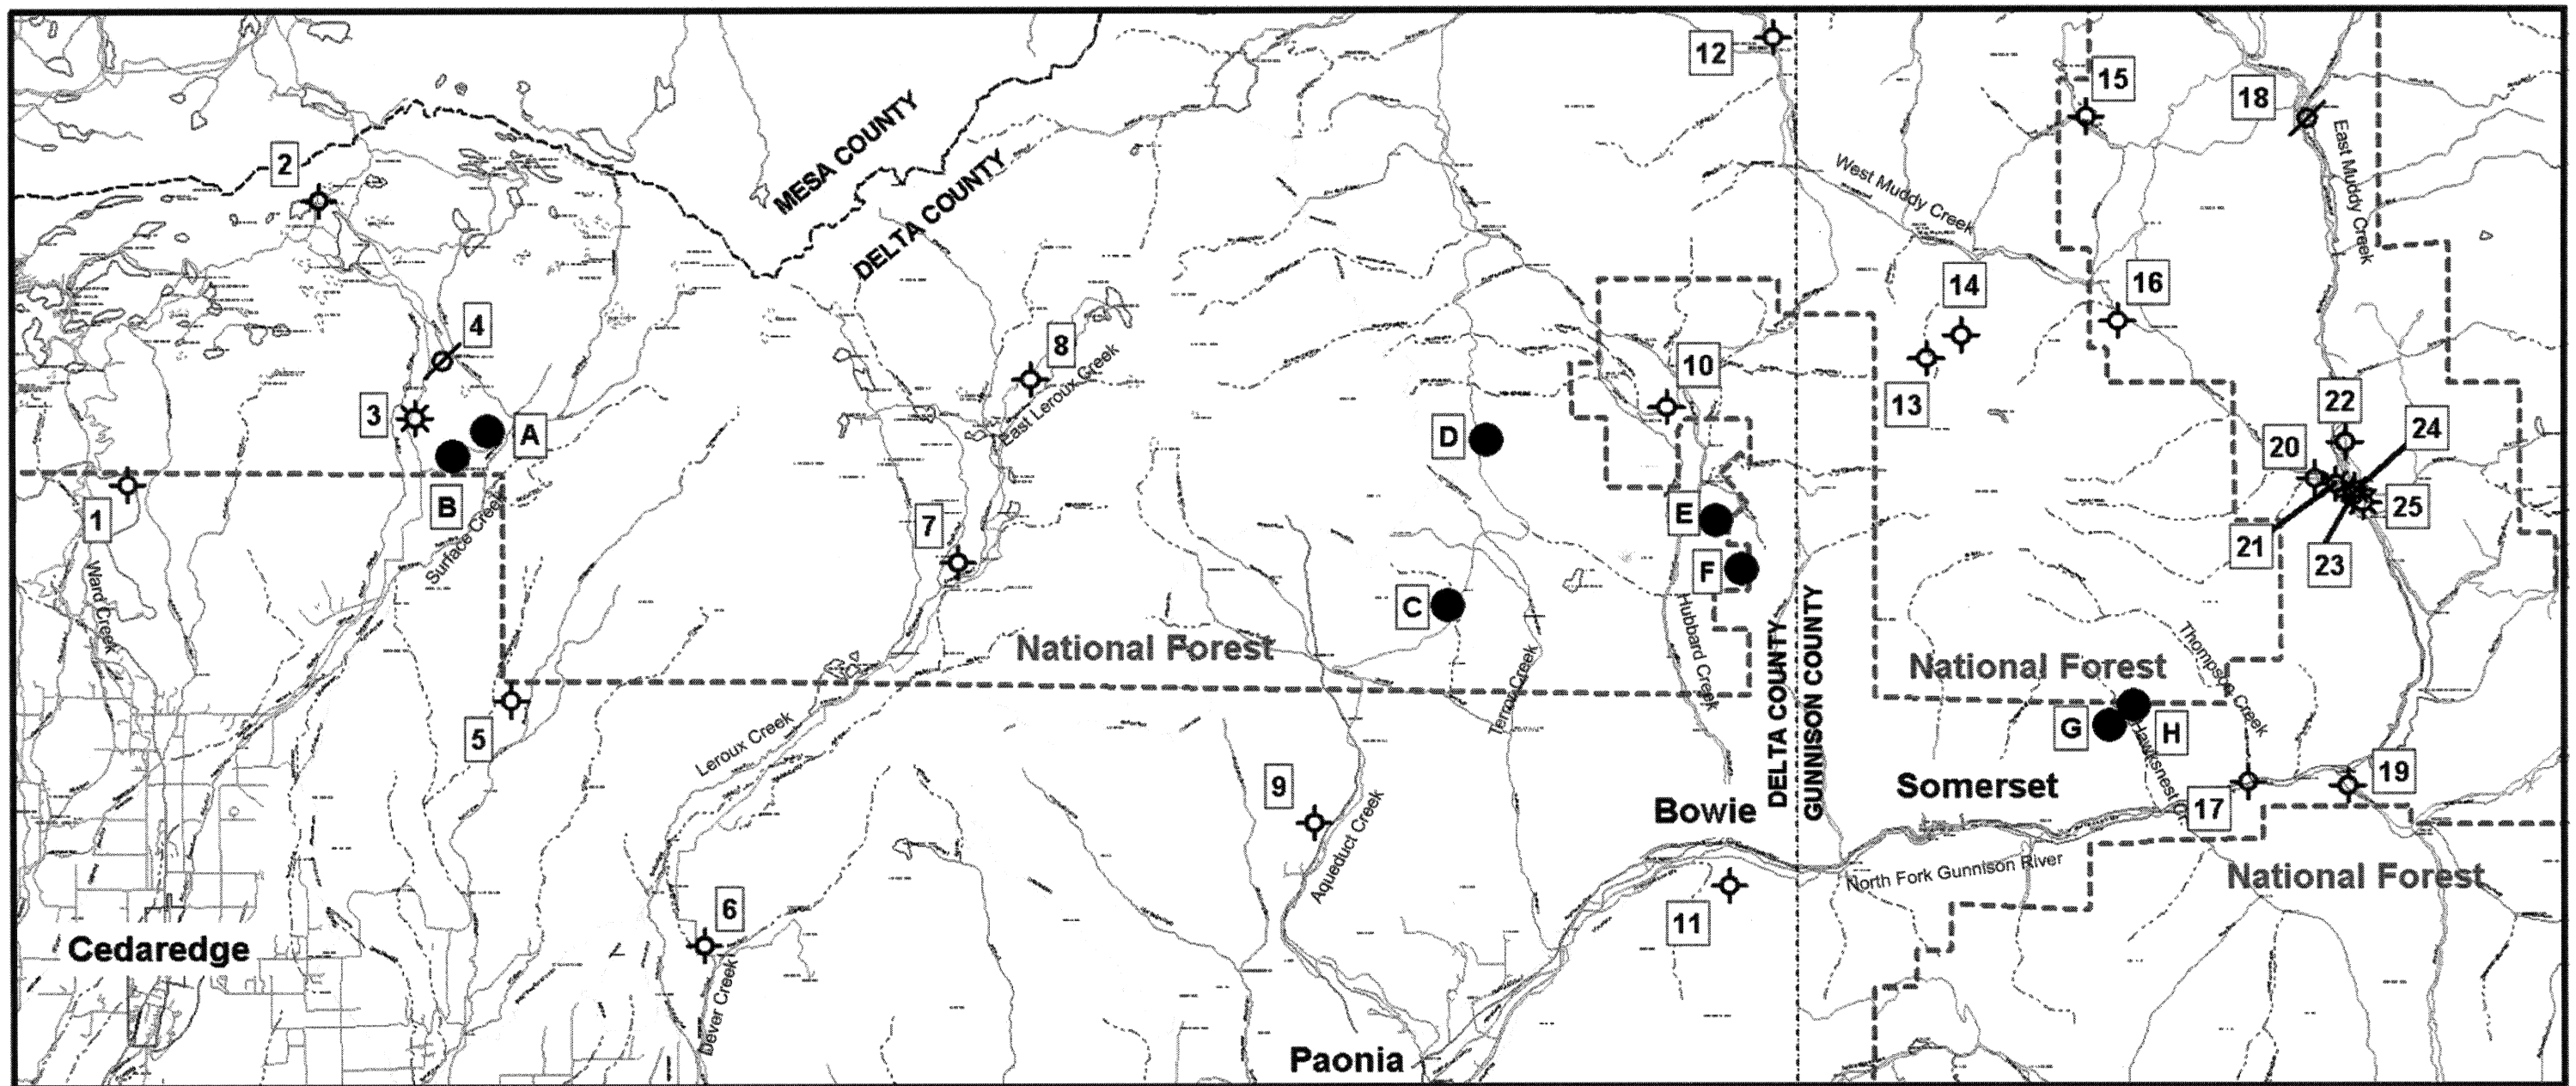
N



Legend:

Proposed GEC well sites
- A - Leon Lake #4
- B - Leon Lake #5
- C - Bull Park
- D - Powerline
- E - Hubbard Creek
- F - Oakbrush
- G - Hawksnest
- H - Thompson Creek

Current wells
- Dry and abandoned
- Gas well
- Temporarily Abandoned

Refer to Table D-1 for details about past and present gas wells.
